

Radian B Muscle Lotion

Uses

Symptomatic relief of rheumatic and muscular pain, including fibrositis, sciatica, lumbago, sprained ligaments, tennis elbow and golf shoulder, bruises, muscle stiffness and strains.

Dosage

Over 12 years: apply to the affected part once or twice, smooth in or massage if preferred, followed by a second application after 10-15 minutes if necessary. Repeat up to 3 times a day when needed, reducing to morning and evening when acute symptoms subside. Under 12 years: not to be used.
