

Lamisil Once

Uses

For the treatment of athlete's foot.

Dosage

18 years and over: wash and dry both feet and hands and apply once to both feet, even if lesions are visible on one foot only. Leave in contact with the skin of the feet for 24 hours before washing again. Relief of clinical symptoms usually occurs within a few days but if there are no signs of improvement after one week medical advice should be sought. Under 18 years: not to be used.

Format and Ingredients

Clear to slightly opaque viscous solution containing in 1g:
Terbinafine as Hydrochloride 10mg,
